PROFILE

A multidisciplinary creative working across fine art, Squarespace websites, and iOS products. Brings an artist's eye to layout, typography, and imagery, and a practical, independent approach to building, launching, and presenting work.

CORE SKILLS

Squarespace design & build

Site structure & navigation planning

Web design & development

Canva, Procreate, Illustrator

Visual branding

UI/UX design & prototyping

iOS development / Swift / Xcode

Fine art & commissions

Client communication

Project management

Independent business operations

EDUCATION

Minneapolis College of Art & Design

Minneapolis, Minnesota

BFA, graduated 2005

EXPERIENCE

Freelance Web Designer, Squarespace

2018 — Present

Designed and built eleven Squarespace websites for clients and small organizations, including a civil litigation law firm, an accounting firm, a mental health agency, a county anti-trafficking nonprofit, a multi-page religious resource site, and artist portfolios. Handle the whole arc: client goals, sitemap and page structure, layout, typography, image selection and editing, build, and revisions.

iOS App Developer

2026 — Present | Independent

Built and launched My BP Numbers, Value Study Assistant, Avenlas, Tap Okay, and Upload Ready on the App Store. Design and prototype mobile products in Swift and Xcode, with particular attention to simple, approachable interfaces. Self-taught from zero.

Freelance Fine Artist / Painter

2018 — Present

Create original oil paintings and commissioned work; manage the creative process, portfolio, client relationships, and sales.

Administrative Assistant

2015 — 2017 | Xavier College Preparatory High School, Phoenix, AZ

Supported office operations, scheduling, communication, and administrative workflows in a busy school environment.

Fine Artist

2005 — 2015 | Duluth, MN

Produced and sold original artwork while developing a professional studio practice and foundation in painting.
